

Jim Denton, MSPT

Physical Therapist

Education is the foundation of effective care

“The most important aspect of my career is the passion I have for the overall well-being of each individual patient. But it is the strong foundation of knowledge through my education that enables me to deliver skilled physical therapy. Here at Carolina Sportscare, we are dedicated to continuing our education. This allows us to reach the high quality of care we give patients daily.”

MS: Physical Therapy, Armstrong Atlantic State University

BS: Physical Therapy, Armstrong Atlantic State University

CLINICAL EDUCATION: Back Education Training (IPA), Lumbo-Pelvic Integration (IPA), Functional Orthopedics 1 (IPA), Lower Quarter Functional Mobilization (IPA), Cervical-Thoracic Integration (IPA), Proprioceptive Neuromuscular Facilitation 1 (IPA), Mulligan’s Nags-n-Snags, Back to Golf

Sharing his knowledge with others

“Our knowledge of how the various parts of the body interact is continually being expanded. Through experienced patient care and ongoing education, we deliver skilled physical therapy consistent with our evolving profession. I enjoy sharing my knowledge with colleagues and gaining their insights. It’s just one more way to enhance the level of care I give patients.”

Member: American Physical Therapy Association (Sports Section), South Carolina Physical Therapy Association, SCAPTA

Sharing common goals with patients

“Helping people of all ages achieve their goal is quite inspirational, especially when I am able to work together with my patients and motivate them to get back to their regular activities quickly. Recovery is faster when both the patient and the therapist are motivated toward common goals.”

Community Service: Tidal Creek Fellowship Church, Sports Ministry Team, Advisor to YMCA youth leadership group, coach for youth baseball and adult softball teams, participant in local sports conditioning camps for kids

“Our common goal at Carolina Sportscare and Physical Therapy is to work as a team to ease your pain and get you back to an active life. We do this in an environment which is friendly and fun, using state-of-the-art equipment and the most up-to-date therapy techniques available. We will see you within 24 hours of your call and help you recover in less time, too.”

Keeping you in your game...for life.

Two convenient locations to serve you better:
